BADGER
TUNDRA™

BADGER TUNDRA™ PROTECTS YOU FROM

- SURFACE IRON WASHOUTS
- EXCESSIVE COSTS ON SAND SEPARATORS AND DISPOSAL
- EXPENSIVE COIL TUBING CLEANOUTS
- THE REPLACEMENT OF DOWNHOLE PUMPS

THE BADGER CHALLENGE

We are confident the quality of our sand products is superior to that of all the others and we are willing to prove it! With your consent, we will run a side by side comparison of the sand or coated sand you currently purchase against a comparable product made by Badger. We will test to your criteria, share all the results, and involve your personnel to whatever degree you feel appropriate.

And the best part: 100% of the cost will be borne by Badger Mining.
